

OBSERVED SWIMS - REQUIREMENTS & PROCEDURES

202.5 REQUIREMENTS FOR OBSERVED SWIMS — Swims may be observed by assigned USA Swimming or YMCA officials for conformance with USA Swimming technical rules in a meet conducted under other than USA Swimming rules. Official times achieved at observed swims may be submitted for entry into the SWIMS database if all of the following conditions are met (effective 9/17/11):

1. The meet must be a season-culminating Championship, e.g., League, Conference, District, Sectional, State, Regional, or be specifically approved by the USA Swimming Program Operations Vice President or designee. A time trial held in conjunction with the season-culminating championship meet that is officiated in accordance with the same standard as the championship meet may also be observed.
2. Requests for USA Swimming observers for certification of times from meets in the championship progression must be made to the host LSC in accordance with LSC procedures at least 10 days prior to the meet. Applications for observation of all other meets must be made to the host LSC at least 10 days prior to the meet. Authorization of such non-championship meets must then be approved by the USA Swimming Program Operations Vice President or designee.
3. A USA Swimming official must verify that all swims approved for USA Swimming purposes were in accordance with the requirements of 102.24 (Timing Rules), 103.3 (Racing Course Dimensions), and 103.13 (Starting Platforms).
4. Where the technical rules of the stroke differ from USA Swimming as defined in Article 101, at least two USA Swimming observers, who shall be certified Stroke & Turn Judges assigned or approved by the LSC, must be present, one at each end of the course, to verify compliance of the swim or swims with that part of the USA Swimming rule that differs from the organization's rule. Where the technical rules as listed in Article 101 are identical to those of the organization under whose rules the meet is being conducted, the judgment of the organization officials shall be sufficient. An individual swim being observed requires notification to the observers prior to the start of the competition. The times should be entered, upon request, into SWIMS, the National Times Database.
